

KROKUS - Hoodoo Woman (Liedtext)

Verse 1

She blessed all dirty water
On a stormy full moon night
She walked through sand and fire
Never caught in a fight
He got that rattlesnake fever
Red dust on his boots
Demons and fallen angels
Got the black spider blues

**Mama was a hoodoo woman
Papa was a hoodoo man
Mama was a hoodoo woman
Papa, was a hoodoo man**

**Mama was a hoodoo woman
Papa was a hoodoo man
Mama was a hoodoo woman
Papa, was a hoodoo man**

Verse 2

She's drivin' hard that Chevy trail
Burnin' on both ends
She rocks the town of New Orleans
With her gypsy blend
A mean shoot-down in Ed's Saloon
Spirits join the sky
The undertaker said, „I'll never forget
The day, the whole town cried“
